### **Virtual School**

During Virtual School hours, Teaching Assistants\* will be supporting students with accessing and completing their school assignments. Independent work activities for students will be available to ensure all students are fully engaged with educational activities during Virtual School times.

Independent student work activities have been specifically developed by teachers for the Club J All Day program. Activities are age-appropriate in the subject areas of Math, English-Language Arts, Social Studies, and Science.

*\* Teaching Assistants will not be replacing a student's class teacher; their role is as support for virtual learning assigned by individual school districts.*
